

## Certificate of Volunteer Participation at Blockchain NeXt

To whom it may concern,

On behalf of the Organisers Team of Blockchain NeXt I confirm that Dominik Mucha participated as a volunteer in the **Blockchain NeXt** Conference, having taken place on the 21 June 2018 at PGE Narodowy (National Stadium) in Warsaw – **the largest Blockchain event in the region of Central and Eastern Europe.**

As a volunteer, Dominik Mucha contributed to the organisation of the Conference that attracted **600+ participants, forty international speakers from the Blockchain and start-up industry, as well as tech corporations, investment funds and the public sector.** The event speakers simultaneously delivered keynote presentations and led discussion panels **on two conference stages.** The theme of the Conference was the Blockchain technology and its widespread applications in the global economy. Blockchain NeXt **partnered with one hundred international institutions,** including Microsoft, IBM, and Hong Kong University of Science and Technology.

Dominik Mucha presented a very high level of professionalism and commitment in conducting the Blockchain NeXt event. In the external communication with the Conference attendees, as well as in internal communications in the Volunteer and Organisers Team, Dominik Mucha proved to have significant soft skills and effectively communicated in the international environment comprising speakers and the event guests. It was a great pleasure to cooperate with Dominik Mucha . Hence we look forward to continuing our cooperation in the next editions of Blockchain NeXt, and equally recommend Dominik Mucha as a valuable addition to any team organising other events and initiatives.

Yours faithfully,

Jakub A. Bartoszewski,

Operation Officer at Blockchain NeXt
